

Angel from L.A.

Written by Wolfgang Steinwider in 2018.

Tonight

My golden love

I kiss you

All night

My foal

My love

I miss you.

Chorus:

In my dreams I feel

A life for you and me

A long way, true

For me and you.

I am your romantic

Nothing more to say

You are

My angel from L.A.

Hear your whispers in my ear

And dancing in the moonlight

In my consciousness, so near

Tonight...

All the moments I could talk to

All the work and care for me

If I tumble or fall

You will be with me.

Chorus:

Love, there will be
A chance for you and me
A long way true
For me and you
Love, I don't know
Our way tomorrow
But I am on my way
To L.A.

Love, there will be
A chance for you and me
A long way true
For me and you
Love, I don't know
Our way tomorrow
But I am on my way
To L.A.
