

# Love is our dream come true

(Words by Wolfgang Steinwider for composing4you e.U. in 2018)

The microphones, the flashing light

A party is going on tonight

I`m playing here my song for you

That`s what I just wanna do

Feel the guitar in my hand

Working with my awesome band

This one is my dream come true

A song of love

And we are singing..

Ch:

One, two, three in the morning light

Make believe we feel alright

We care about the things to do

But not now, only sometimes 😊

Everybody here around

Is dancing to that groovy sound

Love is our dream come true!

I feel my love so close to me

On my ride to Tennessee

I`m just new in Ohio,

but I love this country so!

Playin`music late at night

I`m working all day, that`s alright

This one is my dream come true...

A song of love..

And we are singing...

Ch:

One, two, three in the morning light

Make believe we feel alright

We care about the things to do

But not now, only sometimes 😊

Everybody here around

Is dancing to that groovy sound

Love is our dream come true!

Ch:

One, two, three in the morning light

Make believe we feel alright

We care about the things to do

But not now, only sometimes 😊

Everybody here tonight

Is dancing `til the mornin`light

Love is our dream come true!
