## Rock me...feel me...love me

Lyrics by Wolfgang Steinwidder for Composing4you in 2017

Sometimes you are lonely

Sometimes you are sad

Life is making you just trouble

So let's move ahead

You need something new

That really thrills you

So listen to my song today

Feel the groove and say

## Chorus

Rock me, baby

Feel me, love me now

Love me, all day

Feel me like I do

Rock me, baby

Feel me, love me now

Love me, all day

Feel me, like I do

May your life be filled

With true love

And lots of happiness

And may your dreams

And may your love

Really come true

We are dancing in the sand

Yes, the wind blows through my hair

We are drinking cocktails and Baccardi

Salty smell is in the air

Love me
Feel me
Love me
Feel me
All the world is having fun
It`s coming everyone
And I see the stars, the moon
Chorus:
Rock me,
See the skies in morning light
Feel me,
And I feel that it`s alright
Love me,
Hurry up, we`re coming soon
Feel me like I do
Rock me,
All your brothers having fun
Feel me
It`s coming everyone
Love me,
And I see the stars the moon
Feel me like I do
